**Re: Designation of Representatives for Baker River Coordinating Committee and Associated Resource Groups, Baker River Project, FERC No. 2150**

Dear [Recipient],

Settlement Article 601 of the Baker River Hydroelectric Project License, established one general coordinating committee (Baker River Coordinating Committee) and several groups related to aquatic, historic/cultural, recreation and terrestrial resources (ARG, CRAG, RRG, and TRIG) composed of designated representatives from signatory parties. Because decisions and actions by these groups are primary vehicles for implementation of the license, involvement by the parties is vital. PSE requests your assistance in keeping our contact list current.

First, PSE requests you review the current designation list (attached) representing your agency/tribe/NGO for accuracy. Please use the attached Representative Identification form to confirm the designations or make necessary changes, and respond by December 15, 2012. Be sure to identify both a primary and an alternate representative for all applicable groups (identify the group(s) you choose not to participate in). Complete the form and use the self-addressed, stamped envelope or email updates directly to Anna Wingfield at anna.wingfield@pse.com. We also request that updates to this information be provided anytime there's a change.

Second, if you have changes you may also want to update the FERC Mailing/Service lists as the FERC routinely notifies Service list contacts of its actions. PSE is only able to update PSE's contact information on the Service List not that of others. To do so, fill out the attached FERC Change of Address form and mail to the address on the form or access an electronic version by clicking the link: http://www.ferc.gov/help/how-to/address-form.pdf.

As part of PSE's effort to maintain current contact information related to the BRCC and Resource groups, PSE requests contact information at least annually. If you wish to receive contact updates/verifications by email, mark the box on the representative identification form.

If you have any questions, please contact Anna Wingfield at (425) 462-3822 or anna.wingfield@pse.com.

Sincerely,

Tom Flynn
Manager, Licensing
